Janet,

I'd like to connect with you today or first thing next week to update you on the meeting that took place this week and another one scheduled for April 21 that we would hope FWS could participate in. Here's the slides that NOAA presented this week. I can also provide you with further contacts at NOAA if you'd like to connect with them.

Give me a call or let me know when is good to talk. I'm in meetings from 11-130 today.

Thanks, John
